Informed Consent to Perform a Neurological Evaluation

Welcome to Southern California Neurology Consultants. This form will provide information about our services and about your rights and responsibilities as a client. Please be sure to discuss any questions with your clinician. Your signature at the bottom indicates that you understand the information and freely consent to participate in this assessment.

INFORMED CONSENT

I understand that the information obtained in this evaluation is confidential and will not be released to any person or organization without my written permission. (*This release is available in our office or may be completed with any individual whom you wish to give such access, and then provided to us*.) The only exceptions to this policy are rare situations in which you are required by law to release information with or without my permission. These are: 1) if there is evidence of physical abuse to the elderly; 2) if you judge that I am in danger of harming myself or another individual; and 3) if my records are subpoenaed by the court. In the rare event of any of these situations, you would attempt to discuss your intentions with me before an action is taken, and you would limit disclosure of confidential information to the minimum necessary to ensure safety.

CONFIDENTIALITY AGREEMENT

Privacy Policy

Confidentiality is the legal right to privacy for all patients who receive neurological services. Such as, all personal information presented to this office will not be discussed with persons or agents outside of this office except as authorized by a written release or as required by law. ***However, there are exceptions to confidentiality.*** *Please be advised, all information discussed in this office will remain confidential except under the following conditions set forth in this agreement:*

- You consent in writing for Southern California Neurology Consultants to release and disclose information.
- A breach of confidentiality is required or permitted by law. Examples include instances in which Southern California Neurology Consultants has a reasonable suspicion of elder/dependent adult abuse, dangerousness toward self or others, and other matters subject to law.
- Southern California Neurology Consultants in their discretion decide to obtain consultation on your case with a colleague or legal counsel, in which case no identifying information will be revealed.
- You fail to make regular payments on your outstanding bill, which can result in your billing being turned over to a collection agency or submitted to small claims court.
- Upon notification of a social service agency case, wherein all information shared with Southern California Consultants will be conveyed to the assigned social worker and/or other SSA representative and agents.
- If you are a party in litigation, including divorce litigation, and you tender your mental condition as an issue, your privilege may be waived. In custody case you may be required to waive your privilege to facilitate an evaluation by a court ordered evaluator. SCNC may be required to produce your records and/or testify at deposition or trial if we are served with subpoenas or court orders. We cannot give you legal advice as to what action may or may not waive your privilege.
- Please be aware that under California's Family Code, a parent without custody may still be entitled to information about his or her child's treatment.

RELEASE OF RECORDS

Written records are released *only* after a consent form is signed by the client or Legal Guardian.

APPOINTMENT POLICIES

Initial evaluations, assessments and full sessions are generally about 30 to 45 minutes in duration. Subsequent follow-up session ranges from 15-30 minutes in duration. Medication refill sessions are about 15-30 minutes in duration. However, based on a case-to-case basis, these sessions may require more time than expected. All registration paperwork and submission of co-pay must be rendered before the beginning of the session. Please arrive 20-30 minutes before your scheduled appointment for ease of operations. Please respect time guidelines so that the next patient waiting is not affected.

48-HOUR CANCELLATION POLICY

Cancellation & late arrival phone number: 626-535-9344
Please store this number where it will be convenient for you if you need it.

LATE ARRIVALS:

If you arrive late, it is the providers discretion to see you on that day or request to reschedule for a future date. Calling in to notify of late arrival does not guarantee your appointment will be kept.

ABOUT THE 48-HOUR CANCELLATION POLICY:

You will never be charged for a cancellation if it is made more than 48 hours in advance of your scheduled appointment time.

Reason for this policy: Notifying of your intention to cancel or reschedule 48 hours in advance gives an opportunity to schedule someone else for that time slot. This is important because others may be on a waiting list or may also be looking for an opportunity to reschedule for a different time. As much advance notice as possible is really appreciated.

**If you cancel your appointment with less than 48-hour notice, you will be charged for the appointment.
**If you simply do not show up for a scheduled appointment, you will be charged for the missed appointment.

Because it is illegal to bill your insurance company for a missed appointment, you will end up paying the full fee for the missed session out-of-pocket (resulting in a much higher payment than you may have paid for a kept appointment).

This cancellation policy is standard in the medical field and will be strictly enforced. On occasion, there will be understandable reasons for missing appointments, but exceptions to this policy will be rare. If you have three (3) no shows within a calendar year, we may discontinue treatment services to the patient.
